

# Dowling Community Garden 2011 Service Assignments

The 2011 service assignments are posted below. Please check for your assignment. You will be given specific direction by your task coordinator via e-mail, postcard, or telephone call.

Remember that performing **and reporting** required service is a responsibility at the same level as paying your plot rent. If you didn't pay your rent, or if you only paid part of it, would you still expect to keep gardening? If you paid your rent, and your neighbor didn't, how would you feel if your neighbor were allowed to continue gardening? We expect that members of our gardening community will fulfill their service responsibilities.

After the **November 6, 2011 service reporting deadline**, plots with insufficient reported service time will receive violation notices. If they have carryover hours from 2010, their gardening privileges will not be renewed in 2012. This year, a change in the rules specifies that any plot that performs **no** service will not be renewed, rather than receiving 4 carryover hours, as in past years. Our waiting list of eager new gardeners remains closed, and plot turnover has been quite low in the last few years.

Again this year, service will be tracked using service slips. You should fill out and submit a slip immediately after you perform any service. You should also keep a record of your service and each date when you submit a slip. Task coordinators will validate all submitted service hours. Again this year, a service slip tracking worksheet will be posted online at <http://www.dowlingcommunitygarden.org/pdf/ServiceHours.pdf> so that you can check to be sure that each of your service slips has been correctly recorded. Gardeners are expected to track their service and check the worksheet to be sure that service has been correctly recorded. Perform your service early, check the worksheet, and forget about it!

Gardeners who experience hardships or temporary disabilities that prevent them from fulfilling their 2011 service responsibility should report the problem by replying to this message, or to any e-mailed newsletter. It is much easier for everyone if you let us know in advance about a hardship or temporary disability, rather than having to appeal after you receive a service violation or non-renewal notice. Gardeners with permanent disabilities will be given service assignments that they are able to perform. If you have a permanent disability that makes you unable to perform your assigned service task, please let us know immediately, and we will change your assignment.

DOWLING COMMUNITY GARDEN  
2011 SERVICE ASSIGNMENTS

This table is ordered by plot number. If you have more than four service hours to complete for the year, or have more than one service assignment, your plot may be listed twice in a row (once for each assignment).

Your service coordinator will contact you with further details of each assignment. If you have any questions, you may direct them to your service coordinator or the garden committee ([info@dowlingcommunitygarden.org](mailto:info@dowlingcommunitygarden.org) or (651) 255-6607).

*Thank you and happy gardening!*
